

FLY BUYS EXCLUSIVE OFFERS

10 Bonus Points with your next tyre purchase

Present this voucher at your local Beaufepaires store and collect **10 Bonus Fly Buys Points** with your next tyre purchase.

This offer is not valid when used in conjunction with any other promotion, voucher or coupon.

10 Bonus Points with your next wheel alignment

We recommend a wheel alignment every six months or 10,000km.

A correct wheel alignment will:

- Increase tyre life through more even wear
- Improve fuel efficiency
- Improve vehicle handling and cornering ability
- Reduce driver fatigue

This offer is not valid when used in conjunction with any other promotion, voucher or coupon. Offer applies to passenger car and 4WD/SUV wheel alignments only.

10 Bonus Points with your next battery purchase

Get a great start and 10 Bonus Fly Buys Points when you purchase a premium quality EXIDE battery!

This offer is not valid when used in conjunction with any other promotion, voucher or coupon.

Terms & Conditions

Only tyres sold and fitted by Beaufepaires as recorded above are eligible for Road Hazard Cover. Beaufepaires Road Hazard Cover does not cover damage caused by:

- Vandalism, accidents involving another vehicle, fire, snow chain damage, motor racing or incorrect wheel alignment
- Operating a tyre with insufficient air pressure
- Operating the vehicle off road
- Tyres damaged as a result of a brake lock-up.

Total replacement is provided in the first of either 12 months or 12,000km (whichever comes first from date of purchase) if the tyre is not legally repairable.

IMPORTANT Keep this policy booklet safe in your glove box. To claim Beaufepaires Road Hazard Cover, present this policy booklet and the invoice or any other proof of purchase at any Beaufepaires store.

TYRE CARE MAINTENANCE

5,000km FREE Tyre Care Maintenance Programme

Your 5,000km check is due at: _____ km

BEAUREPAIRES WILL:

PRESSURE CHECK AND ADJUST for maximum safety and mileage.

VISUALLY CHECK TREAD AREA AND SIDEWALL to reduce the risk of failure due to damaged cords or tyre body.

VISUALLY CHECK TREAD WEAR PATTERN to ensure alignment looks to be set correctly.

VISUALLY CHECK TYRE ROTATION to ensure maximum safety and mileage.

PERFORM A BATTERY LOAD TEST to check battery condition. Visually check battery leads and terminals.

CHECK THE ENGINE OIL LEVEL to make sure it isn't too low or overfilled.
